City of Toronto Councilor Kristyn Wong-Tam's Totalitarian Tactics

Totalitarian Tam....

I'm a critic of Toronto Community Housing, its ill-conceived (so-called) Integrated Service Model, and its rubber-stamp (so-called) Senior Tenants Advisory Committee, which Ms Wong-Tam helped create. Consequently she attempts to silence me and to cut me off from information by blocking me on Twitter. Shameful behavior, worthy of a totalitarian fascist. Shame on her.
